Our goal at Bear Butte Gardens is to provide fresh, nutritious, flavorful, *certified organic* produce for families in our geographic area. This year we are providing a limited number of full shares (weekly) as well as a limited number of bi-weekly shares (every other week).

As a CSA subscriber you will receive a share of freshly harvested vegetables either weekly or bi-weekly during the designated timeframe. With this CSA model you will be accepting the risks involved in farming as well as the bounty. We have no control over nature and there is the possibility of some crop failure; however, when we have success you will be partaking in the bounty of the farm as a CSA member. A **full share** will usually feed a family of 3-4, or two people who eat a lot of vegetables and cook often or are vegetarians. A **bi-weekly share** will feed a single person or couple who eat a fair amount of vegetables. Occasionally during the summer season we MAY choose to skip a week when garden production is very low and we will notify customers..

The Bi-Weekly and Full Season options begin in May. We generally do not offer a share during rally week (the first full week of August).

Full share cost is \$522.50 (includes sales tax) and bi-weekly share cost is \$276.93. We will offer a limited number of shares in 2023. You may contact us at any time to ensure we still have shares available.

We only reserve CSA shares upon receipt of application (photo of completed app is fine) **and** an initial payment of at least \$250 (full share) or \$150 (bi-weekly shares). Full payment must be made by May 1, 2023 - no exceptions. Full refunds (minus \$20 administrative fee) will only be made for requests made **prior to** May 1, 2023.

2023 CSA Pick-Up: *All CSA members will need to come to Bear Butte Gardens each week (or bi-weekly) to pick up their vegetables.* You have an option of choosing Thursday late afternoon pick-up from 4 to 6 p.m. or Saturday morning pick-up from 9 to 11 a.m. We do request that you pick up your share on time on your designated day to ensure freshness of the vegetables. Any shares not picked up will be distributed to another family or to the food pantry in town without refund or replacement.
